

Timely Hints From the Beaverlodge Sub-Station

W. D. Albright

"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

Far-etched as it may seem, it increases fire punctures. It sweeps away the dust that settles on the embers and the fire.

Orange peel is recommended by gardeners as a bait to attract slugs, which may then be found under a search warrant.

Except in cases of extraordinary disaster individuals willing to work and save, deny themselves what they cannot afford, can get out of debt and keep out of debt. Nations can do the same by observing the same principles, but not honorably otherwise.

While the Peace River country has a windy semi-arid climate, it is neither so dry nor so windy as parts of the bald-headed prairie. Too much rain indicates that and gives us a chance to find the consequences of soil erosion if we will.

"This morning," wrote a correspondent on May 19, "I was very much mistaken I made three years ago when I planted a perennial flower bed with carnegiana as a background. I moved the perennial to a new bed right away from the carnegiana. Too much competition. Shelter is good, but the roots are bad."

In a Beaverlodge comparison of cultivated fallow with ordinary plowed wheat in 1938 yielded practically as well in the one as in the other. Experience in the dry belt favors lumpy surface. Too much rain and check drifting. Perhaps if these and other precautions are observed we may escape or at all events postpone the necessity for striping.

Certain species of cutworms seem to like sweet clover, often climbing the stems and defoliating the plants. The sweet clover variety test on the Substation was being carried on. Too much to kill the pests the clover is being sprayed with arsenical and will then be plowed or cultivated up. In one area cutworms were found almost as thick as the clover leaves. When the destruction can sometimes be averted by spraying with arsenical, it is a concentration camp. The spray is being tried as an alternative.

In digging curved beds around tree clumps of shrubs and vines, the amateur finds great difficulty in balancing his curves. A contributor to Canadian Horticulture, Home Magazine tells how he solved it by laying a garden hose around the tree. He wished to describe, marking the soil with a cutter and then removing the hose. The hose will not readily shift when lying on soil and one can adjust it to get every bend and curve. It is a truly true before commencing the actual cutting. In some words, one makes his pattern with a hose.

How to farm without rain: to face drought and flood and frost and hail; to control weeds and cutworms and cutworms and grasshoppers; to check water erosion and to check soil drifting; to maintain fertility and to feed against market slumps of the farmer. If, in course, you easily solved in plough-cultured board rooms, on any street, in any hotel, in any sleeping cars, but the people who solve it in these safe retreats seldom seem anxious to put their own theories to test with their own money. Those who try it like a salary or a fat bank account to draw upon as required.

While the crops on drifted fields have shown better stands than might

have been expected, it remains to be seen how they may fare later on. Whatever the effect on the crop, the soil loss remains a painful fact. One field seemed to have lost an average depth of one to two inches of top soil, with some spots showing more than two inches and a well gravelled surface showing on what had been deep loam. One farmer who saw roadside ditches blocked with his good soil thought of cleaning these out with a Fresno and heaping the precious loam up in his field for future garden work or even for spreading over the adjacent portions of his field. He had observed that drifted soil which had accumulated in the shelter of a bluff during a storm of earlier years had since proven an excellent garden spot. Though the pellets in the dirt banks seem to lack humus and may for best results require mixing with soil high in organic matter, the drift should be otherwise good. At all events the Substation is collecting for greenhouse use some loads from the thousands of tons blocking a highway not too distant. Might as well save what we can.

The Current Fruit Worm

"A small white worm infests my currants, causing them to drop off. I run perhaps the most frequent inquiry reaching the Beaverlodge Substation office.

The small white worm is the maggot of the current fruit fly, *Espora canadensis*. It is a pest of currants, raspberries and many other fruit. It is a very common pest and much of it falls to the ground before the crop is picked. Entomologists are at variance in their recommendations for control of this pest. The most common remedy is (a) letting cacklers scratch the fruit with their fingers, (b) spraying with arsenical, (c) spraying with kerosene, (d) spraying with kerosene, (e) spraying with kerosene.

Prof. E. M. Lavender, University of Manitoba, indicates that the pest may be largely checked by spraying the fruit with kerosene. He says that the time the adult fly begins to lay its eggs is about the time the common fruit fly begins to lay its eggs. The first sign of the pest is in June. He thinks a second spray should be made about two weeks later. If the spray adheres too well it may be necessary to wash the fruit with water. Quite a number of gardeners have followed the Substation's recommendation with apparent benefit, but the advantage is difficult to prove, for the fruit is so small and the pest is so numerous and without any treatment at all the fruit will be eaten. The previous crop was badly affected, but the change was due to the treatment or to natural causes.

Prof. E. M. Lavender, University of Alberta conducted experiments to control the pest. He found that the pest obtained practically no result from spraying with kerosene. Unfortunately, he found the foliage and stems of the plant. When the doctors differ in this way, what is the layman to do?

For the sake of anything else one is inclined to fall back upon Prof. Lavender's treatment. The pest is a pest of currants and raspberries. The pest is a pest of currants and raspberries. The pest is a pest of currants and raspberries.

On the Substation the current fruit worm has been extremely prevalent in only about two years. In 1937 and 1938, but some correspondents complain of losing their fruit. The inference is that natural conditions are the cause of the pest in their localities.

Trees for Planting and Other Plantings

Several inquiries have lately come to hand re cemetery planting. One of these was referred to E. B. Blair, Director of Forestry, Department of Lands and Forests, Ottawa. He says that the Department distributes trees for planting in cemeteries and school grounds and for replacement and additions to established windbreaks. Applications for trees must be received not later than December 31 of the year in which they are distributed. The applicant is required to pay only the express charges.

Trees are not available from the Department for sale for any purpose other than for the establishment of new shelter belts or for replacement of trees required for the former purpose should secure them from commercial nurseries and for the latter purpose should apply to the Dominion Department of Agriculture. Tree-planting Division, Indian Head, Sask.

The quality of some species available through Edmonton are limited and it may in certain cases be necessary to select smaller specimens than those requested. As a result of objections made by commercial nurseriesman caragana is not given out for sale. For shelter belt material desired from Indian Head, applications should be made prior to March 1 of the year preceding that in which the planting is to be done.

Buck Lamb

It might be assumed that the eastern provinces, long the sheep business and so much closer to the best markets would get the Prairie Province an altogether good example in lamb marketing and production. However, in March, Quebec marketed 480 lambs of which 284 were buck lambs; Ontario marketed 1,200 lambs of which 121 bucks. On the other hand, March marketing of 25,000 lambs by the Prairie Provinces, Alberta's March marketing of 1,200 lambs of which 121 bucks. On the other hand, March marketing of 25,000 lambs by the Prairie Provinces, Alberta's March marketing of 1,200 lambs of which 121 bucks.

WAR OFF

have been expected, it remains to be seen how they may fare later on. Whatever the effect on the crop, the soil loss remains a painful fact. AERONAUTICAL TIT-BITS

By J. W. Nail

NEWFOUNDLAND TO NEW YORK IN YEAR 1919

Transatlantic flying has today become such a commonplace and the North American continent is a network of airlines that there is interest in knowing what the first transatlantic flight was. Thanks to the American genius for publicity the millions of people in the world still think that Mr. Charles Lindbergh was the first to fly from North America to Europe. But some know that the first non-stop transatlantic flight was made from Newfoundland to Ireland by Capt. John Alcock and Lieut. Arthur Whitten-Brown, R.A.F., both of whom were knighted by King George V. in 1919.

It was his first flight and we kept him up for over twelve hours. I am glad to state that he has been a most enthusiastic supporter of aviation ever since. We stayed quite a time at New York and did a lot of flying, taking up many important people. The first flight was made on a Curtiss NC-1 flying boat by Commander Lieut. Arthur Whitten-Brown, R.A.F., both of whom were knighted by King George V. in 1919.

KILLED IN CRASH

Rev. John J. Pagan (above), known as "The Flying Priest," who was piloting a small rented plane when he crashed to his death at Floyd Bennett Field, New York. The cause of the crash is unknown.

tail caught the fence (but we did not feel it). We landed very gently on the oval track but I could not get the plane to stop. It was a turn, and we struck some rough ground at a low speed which burst the tires and the upper engine on our nose. We sat on the grass picking wild strawberries while the youth and beauty of the place ran over us still in their night attire, but afraid to come too near, fearing that we were German spies. Colonel Stedman, now technical chief of the R.C. A.F. and now flying instructor at the Air Force, arrived from Newfoundland with a spare engine, and when we had received some spare parts for the aircraft from England, we

Half of one per cent. a year on total assets is not much of a profit margin for any business, corporate or individual.

A FEW CANDID WORDS ABOUT BANK EARNINGS

Half of one per cent. a year on total assets is not much of a profit margin for any business, corporate or individual.

Banks pay interest on personal savings deposits. They charge interest on loans.

The difference is not all "velvet" by any means—for these reasons:

(a) It costs money to operate a bank.
(b) The cash reserve held by the bank earns nothing.
(c) A bank must provide for losses.
(d) Earnings on a great deal of a bank's assets are very low.

More than 25,000 people are employed in Canada's banks. In the last ten fiscal years Canada's charters have paid out over \$376,000,000—purse-ping power distributed over the Dominion.

In the same ten years banks have paid out to municipalities \$14,031,930; to provinces \$14,429,320; and to the Dominion, \$24,027,324, a total of \$79,488,574.

Banks have other costs, too: Rent on premises; stationery and printing; light, water and heat; contributions to pensions and group insurance for employees. Depreciation on buildings takes a large amount each year.

Any money a bank pays—taxes, wages or other costs—can come only from the bank's resources—and must be paid in cash. It is magic can produce it.

Banking is not all sunshine. It has its cloudy aspects too. Banks must stand ready to pay their creditors—the depositors and not holders—hundreds of cents on the dollar; but banks unfortunately cannot always collect a hundred cents on the dollar.

A bank must keep itself in such a cash position as to be able to pay you your deposit whenever you see fit to withdraw it.

Chartered banks are required by law to lodge with the Bank of Canada, or hold in Bank of Canada notes, five per cent. of their depositors' funds; but, in practice, they always carry about twice that percentage.

Deposits with and notes of the Bank of Canada earn no interest for the chartered banks. Their shares were issued was \$105 per share. Of this, \$100 has gone to Capital Account, and \$5 has been paid to the Reserve.

Over many years undivided profits, now amounting to \$34 per share, have been left in the business by shareholders and directors, and the greater security of depositors and noteholders.

The average shareholder's investment in Canada's chartered banks is therefore, amounting to \$199 per share. A dividend of say 8 per cent. on the \$100 par value is, in fact, only slightly over one per cent. on the money actually invested, or left with the bank by the shareholder.

Bank earnings depend very largely upon loans, but a bank can lend only when the customer is ready to borrow.

Ordinary bank loans in 1929 averaged \$1,342,000; in 1937 only \$731,000,000.

THE CHARTERED BANKS OF CANADA

Your local branch bank manager will be glad to talk banking with you. He will be glad to answer your questions from the standpoint of his own experience. The next article in this series will appear in this newspaper. Watch for it.

Interesting News From Sexsmith

Vol. VI, No. 50 By R. A. MACLEOD May 31, 1938

82nd Birthday Of Real Oldtimer Is Joyful Occasion

Friends Gather And Fittingly Celebrate
 Birthday Of Charlie MacGregor,
 Pioneer Of Wild West Days

On May 27, in the year 1856, in the little hamlet of Pembroke, Ont., there was born to Mr. and Mrs. D. MacGregor, Charlie, as he is known amongst his many friends, came to Winnipeg in the year 1878, eleven years after Confederation, when it was known as Fort Gary, and was only a small settlement, scattered along a trail at the confluence of the Red and Assiniboine rivers.

At the time of the Northwest Rebellion in 1885, Charlie, then 29, with the 1st Battalion, and saw service chasing the Indians around Fort Guelph, and in 1892 came to this country and took a homestead, where he is now living.

In 1915, the wanderlust got him again, and on December 23rd of that year, he joined up with the 164th Batt., C.E.F. at Morden, Man., going overseas the following year, where he remained until 1919, and after his discharge, came back to the North again.

On Friday, May 27, Charlie had reached the good old age of 82, although the celebration did not take place until the following day. At around four o'clock in the afternoon the guests started to assemble, and there were 25 of them.

Jim Walker came from Fairview, bringing with him pipe Howard MacLean, to give the folks, some of what, Jim Yale, ye editor, calls the divine music.

All the troops gathered in the lane and under the command of Comrade Ed. Carney, and headed by the piper, marched up to Charlie's domicile. After being called to attention they were inspected by the man in whose honor they had assembled.

Now Charlie has done quite a bit of soldiering in his time, and has quite an eye for military correctness, however, he being the host was not too critical of the stooped shoulders, and the increased waist-lines of the Guard of Honor.

A long table was set on the lawn, and all sat down to a very sumptuous lunch, and when they were through we mean just that. After everyone had eaten his fill, there was enough left over to start a new one, which no one seemed inclined that way.

Several speeches would have been made, but after the lunch every one was too full for utterance, which no doubt was one of those blessings in disguise.

The host's contribution to the feast was a number of wild geese, which had been grown in his own garden, which incidentally is a very fine one. Jack Walker drew a wild turkey, which was a foot in diameter, sans the candles.

Jack Neys was the official photographer of the party, and took several snapshots.

The following is a list of guests: Don Innes, Wm. Innes, S. W. Smith, Ed. Higginson, Dick Higginson, Dr. Ganev, Ed. Ganev, H. Ganev, Cummings, J. Somerville, Rev. Delve, Joe Mac, Harvey, H. Adams, Ophus, J. P. McIsaac, K. O. Harley, Conrad, Joe Winestorfer, Howard McLean, Jim Walker, W. Shillington, Jack Neys, Jack Beattie, Joe Adams, Geo. Elliott and R. A. Macleod.

Mr. Macleod had the opportunity to thank all his friends for their kindness on this his natal day.

NEW BUSINESS OPENED

A new business starting up in town for the first time, long felt want here in Sexsmith, Mr. C. H. Turnbull of Edmonton has opened up a watch repairing establishment, and is located immediately north of Bird's Grocery. He has had approximately thirty years experience in this line and guarantees all work.

OTHER LOCAL BRIEFS

Auction sale at Fitzgibbon's sale yard on Saturday, June 4. See ad for further particulars.

The Grand Theatre will reopen on Monday night, June 6, the new management of Mrs. Watson. Mrs. Watson will have a string of theatres, High Prairie, Sexsmith, Smith, McLennan, Spirit River and Hythe. Watch future editions of this paper for the offering.

Wm. Clifford presents the Minneapolis Players at the Grand Thursday, June 9, in "Soft Soap." A different play will be shown each month until the fall.

On Saturday, June 4, at 3 p.m., a garden party will be held at the home of Mrs. Art Fenton, under the auspices of the Ladies' Aid of the United Church. All are welcome.

The Canadian Legion of Teepee Creek held their annual picnic Sunday last, and there was a large crowd in attendance. It was a big day for the kids, as free ice cream for them was the order of the day. Quite a number from town were present.

R. G. Sharp has been busy these last few evenings laboring on a plot of land in front of his residence, which no doubt when finished will look something like the "Garden of Babylon." If Bob does not take the precaution to surround that plot with barb wire entanglements, with a few machine guns, and there, to keep out the fauna, such as kids and dogs, the flora is liable to be "sunk without trace."

The babies arriving at the Sexsmith Maternity Hospital during the last month are as follows: Born to Mr. and Mrs. Blais, Teepee Creek, April 28, a boy; to Mr. and Mrs. J. T. Sear, Sexsmith, May 1, a girl; May Blais, to Mr. and Mrs. J. Domstad, Sexsmith, May 28, a girl, Jacqueline Donna.

Father Naphan of Grande Prairie was a visitor in Sexsmith last Thursday, May 28, when he celebrated the feast of Pentecost over the Roman Catholic church.

SEXSMITH BALL TEAM GOT INTO ACTION at last. They made their debut, pronounced "but boys," when they went to Beaverlodge on May 24th, where they tangled with a team from Doe River. This Doe River team however, did most of the tangle, and also made most of the runs. We will draw a veil over this game, and try and forget about it. Last Friday evening the LaCelle team strolled into Sexsmith and engaged the local team, with a result of a win for the local team by the tune of 11 to 8. The Sexsmith battery consisted of Spicer and Gust, which has the distinction of being a reversible one. Spicer pitched the first half of the game, with Gust on the receiving end, and during the last half of the game, Gust did the hurling with Spicer grabbing them off. On Sunday the local team travelled to Spirit River, and were again victorious, the good news being 9 to 3 for the Tomcats. Keep up the good work boys, and one of these days you are liable to score a shut-out.

LA GLACE NEWS

LA GLACE, May 28.—Mr. and Mrs. Rudolph Olson, Dorthea Thompson and Harvey Bekrus left this afternoon to spend the week-end in Edmonton.

The demonstration given by Mrs. P. Olson, sponsored by Ogilvie Flour Company, on Wednesday was certainly enjoyed by all who attended. Mrs. Olson and Mrs. Duncan of Buffalo Lakes were the lucky winners of the two bags of flour, and Miss Annie Torgerson was the lucky winner of the lamb cake.

LA GLACE SPORTS JUNE 22
 The La Glace Sports will take place on Wednesday, June 22. The Stampedes is again under the capable management of Walter Webber, and efforts are being made for a bigger and better sports than ever.

There was not as large a crowd at the dance here on Friday as expected, but all who attended reported a grand time.

Penson's Orchestra from Grande Prairie is putting on a dance here on June 3.

Mr. Alfred Braeth, the shoe-maker, has sold out and will return to his old home in Norway this fall.

GOODWIN

GOODWIN, May 30.—Harle Dowling of Kleinburg Hill is on this side of the river doing some improvements on his homestead in Goodwin.

Hilliard Dunkin made a trip north on Friday, May 28, bringing back a load of lumber.

Mrs. C. Lenes and Bernard visited in DeBolt on Monday.

Mrs. Joe Callou and children visited with Mrs. O. Dowling one day last week.

Services from now on will be held every Sunday, in the school, by Mr. Stead.

Fred Pelzer and A. Lind have been giving Rex Patterson a hand the past week.

Howard Voshall of Darwin is clearing for R. Knopbe.

We must be a lucky bunch in Goodwin, getting our roads all patched up for the summer traffic.

Mr. O. Dowling called at the Lind home on Tuesday.

Mr. and Mrs. C. MacKie of Measerville spent several days at the Munroe home last week.

Tommy Munroe is a busy lad putting in the Robideau land, and is ever making the dust fly!

O. V. Dowling made a business trip to Grande Prairie this week-end, and in a load of hogs for shipping day.

A large crowd gathered in the school Friday evening to hear Wm. Sharpe, M.L.A., speak. After which the crowd enjoyed a real lively dance.

Harvey Pellerin, who as the result of being a winner on field day in DeBolt went to Grande Prairie on Saturday, says he enjoyed his trip immensely.

Miss Hardman, our local teacher, also went in to town.

Mrs. Steiner called at the Lind home and had some sewing done last week.

J. Newman and O. Ungstad were visitors at C. Lenes on Sunday.

G. Fish was a week-end guest at the Munroe home.

Mrs. Gitzel of DeBolt called at the J. Lenes home on Sunday.

BIG SMOKY DOINGS

MOODY'S CROSSING, May 30.—Quite a number of cars went to Surgeon Lake on the Twenty-fourth of May, a few to Edmonton, and a few plinked right by the river. Among those who plinked by the river were a couple of cars from Grande Prairie, three from west of Grande Prairie, and one from Clairmont.

The two little Sedore girls spent Wednesday with their father, Fred, while he was on shift on the ferry.

The river was so high Wednesday night that the ferry didn't run after dark.

Mr. Cliff Henderson and one of his bridge crew fixed the apron on the ferry Wednesday afternoon.

Mr. A. H. McQuarrie of Grande Prairie and Mr. E. Henderson of Hythe were down to the river on business on Wednesday.

Mr. Ernie Henderson and road crew started work on the hill on the

THE NORTHERN TRIBUNE

west side of the river on Friday. The crew are boarding at the "Ferry Inn."

Mr. and Mrs. Reg. Moody and family spent Thursday in Grande Prairie.

Mrs. R. McArthur and daughter, Shirley, of DeBolt are staying with Mrs. Lyall Roe for a week.

What's this we hear about Cecil Dolson and Reg. Crowe of Goodwin making a cake with raisins in it and taking it to a dance last Friday? Why couldn't they make a good icing after looking through the cook book three times?

Mr. and Mrs. Reg. Moody and family and Mr. C. Lloyd went to Crooked Creek on Monday.

The initial meeting of the Revena School trustees was held at the "Ferry Inn" on Monday. Mrs. R. Moody and son, Gerald, accompanied Mr. R. Moody, and Mr. Davies and spent the evening visiting with Mrs. McArthur and Mrs. Roe.

Mrs. Muxy Phillips and Mrs. Irvine McKinley of Wildwater called on their cousin, Mrs. R. Moody, on Friday, for a few minutes only, on their way through to Grande Prairie.

CARD PARTY IN AID OF REVENA SCHOOL

On Saturday, June 4, a card party in aid of Revena School will be held at the Ferry Inn. Admission 25 cents. Time 8 p.m. Everyone welcome. Lunch served at midnight.

HUALLEN NEWS

WEMBLEY GETS REVENGE
 HUALLEN, May 30.—Last Friday evening Wembley girls' and men's basketball teams paid a friendly visit to HualLEN and took both of our teams into camp. We did not get the scores, but we understand both teams were close affairs. Thus Wembley gets sweet revenge for previous reverses.

RAIN BADLY NEEDED
 Crops here are standing up well during the past few days, but rain is badly needed. Wireworms and cutworms are active, as conditions are ideal for them to get in their dirty work.

Say, Pipestone Creek, how about that rain you promised sometime ago?

NEXT DANCE JUNE 24

The next dance at the HualLEN Community Hall is billed for Friday, June 24. The dance will be supplied by the Vagabonds Orchestra.

We hear that Messrs. Schulz and Hennig, Aspen Dale, have rented a couple of quarters of School Section 29 for pasturage purposes.

Mr. and Mrs. John Dewar and family of Appleton will be Sunday visitors at Dave Mackintosh's place.

MARION JAGUE WON CUP
 Lower Beaver Lodge, who won 55 points at the Elimination Track Meet held at Wembley, went to the meet at Grande Prairie last Saturday and met with fair success. Marion Jague brought home to her school by winning a cup for the like softball throw.

Mr. Gordon Sherk won a new crisp one dollar bill in the Quaker Rhythmic Contest conducted by C.F.P.

George Carly, who is working for John Shrenpeter, was injured last week while saving wood at the Cassidy farm. He was rushed to the hospital and is now recovering from treatment. We understand that parts of two fingers had to be amputated.

Geo. and Ed. Johnston of Aspen Ridge were recent visitors at Gordon Bernard's.

SEEN AND HEARD
 Harry's stentorian voice over the air waves, also Frances and Marie were seen and friends at home. George's car being towed home.

That the Dance Flag tags at the Beaver Lodge dance on Empire Day were "Made in Japan."

That evidently Beaver Lodge sports committee's motto seems to be "Soak them all the traffic will bear."

Marion and Raymond stocking up on beer and soda at the local store.

Jake Roop and fishing party eating up their catch as fast as they could. Bill and

Teresa coming to Harry's aid in his dire extremity!

Bill Bernard returned Sunday from Edmonton. He gained two pounds on the trip. Must have been good soup. Bill and

LAST WEEK'S HUALLEN NEWS
 HUALLEN, May 29.—Crops that were damaged by the wind are making a good comeback. Reseeding has been done in some cases but the acreage is not as large as was at first anticipated. A good rain now will greatly benefit all crops, as the last few days have been very hot.

G. F. Whittingback, Department of Municipal Affairs, is at present working in the district in connection with land assessment work.

Mrs. W. Holmes Boyd left last week for Ottawa, Ontario, where she was called on account of the serious illness of her mother. This is Mrs. Boyd's first trip to the East since coming here over twenty years ago.

Bill Bernard went out to Edmonton with Bagnall Bros. in their new car. He is not likely to do any of the driving on the trip.

CORRECTION
 We incorrectly reported in our last week's news that Gerd Rautenstrauch had purchased a threshing outfit. We all make mistakes; that's why they put rubber tips on pencils.

SEEN AND HEARD
 Wembley girls taking another shelling from our local hucksters.

Marjorie flying over the bar with the greatest ease at the school sports.

Ed M. mystified over the disappearing day.

Margaret C. thinks relay races are

HALCOURT NEWS

(Where the Monkmans Pass sprouted.)
 HALCOURT, May 30.—No news for three weeks—the ink-well got inundated with dust.

The Halcourt School softball team are taking everyone to town. We challenge all comers.

Elmer Dahl has gone homesteading again. How's the grubhoe feel, Elmer?

I. Lambert and J. Miller shipped out three carloads of fat cattle last shipment. If prices are satisfactory in Edmonton, John expects to take them farther.

Ingledeaves are making great improvements on their house and Jim Howard is helping them.

What we need is a great big rain.

Quite a number took in the baseball game between Beaver Lodge and Grande Prairie on May 22.

Otto Holter is real busy collecting for the Monkmans Pass. Any money left at the store will be cheerfully passed on to Otto. Let's go!

Mrs. S. C. McNaught is back from her trip in the East and feels much improved.

SEEN AND UNSEEN
 Pete Beck hauling home the carcass for the M.P.H.

Mrs. Mac Davis making ice cream. Crobble cleaning house. Scottie Ray buying POP.

CORNWALL NEWS

FLASHES FROM THE CORNWALL CORNER
 CORNWALL CORNER, May 28.—For the second time Cornwall emerged victorious in the ball game with Crooked Creek on May 22.

Frank Ratlatz made a business trip to Peace River. Mr. Lake of Clarkson Valley accompanied him.

Ellwood, Rooney, Walter Atkinson and Jean Fove were visitors at Goldie Satten's on May 25.

SEEN AND HEARD
 Cecil trespassing on forbidden grounds.

Mary and Alvin on Main Street, Grande Prairie.

Ted and Goldie scrubbing the school floor.

Bill and Walter acting as claqueurs.

'I believe in NATURE'

IS A NATURAL REMEDIAL METHOD
 If you believe in Nature you believe in a natural method. A man pushes a button and the vital power that goes over the wire starts machinery in motion a thousand miles away. Retard the flow of energy and you stop it by interfering with the exhibition of power. Shut off the vital impulse that is being sent by the brain through the spine and you cause disease. Chiropractic adjustment relieves the pressure.

Weekly News Letter From Parliament B'ldgs, Ottawa

By RENE PELLETIER, M.P.

OTTAWA, May 27.—Many weeks ago, the Prime Minister had promised that before the estimates for external affairs were brought down, he would make a statement to the House and to the country concerning the foreign policy which his government is following.

On Tuesday of this week, the Prime Minister made that statement before crowded galleries. Almost all the diplomatic representatives of other nations in Canada were present. A statement of this kind is of utmost importance, and many foreign powers were anxious to know if a clear cut statement in regard to Canada's relationship to Great Britain would be made.

The Prime Minister summed up the present world outlook in these words:

"It is a dark outlook, but not one that calls for despair. Some measures of internal stability survive nevertheless, and some that have suffered many shocks. It may be years however, before freedom and tolerance revive. The equilibrium of military force which might have been secured at moderate heights of peace will be secured at a much higher level."

Where resort to arms appears to be inevitable, every effort should, and I believe will be made, to circumvent the conflict. No country in which democracy was formerly established has given up the right of its practice of liberty at home, its ideal and its aim, to show that Canada's foreign policy has been consistent and that the events which have occurred in the past bear out the accuracy of his analysis.

To put the matter briefly, Canada's foreign policy is as follows:

1. To keep Canada out of war.
2. To try to keep Canada at peace.
3. To be peaceful with all other countries of the world.

4. To have friendly family relations with the other members of the Commonwealth.

5. To avoid offensive language towards other countries.

6. To save Canada for the destinies which are ahead of her.

7. No one in Canada could possibly criticize this foreign policy. Everyone, I feel sure, is agreed that the ideal motives, there is only one thing wrong with it, and that is that it does not face the fact that Canada's position in the event that Great Britain should become engaged in a war, is not indicated by the government. I think that this is a most unfortunate omission, and either we should say to Great Britain we will support you in case of war, or else we should say to the world upon us, if you do get mixed up in war, I believe we will stand ready at all times to help her with all the resources at our command and our Prime Minister King must wait.

We have been in session for a considerable period of time, and a single piece of legislation dealing with Canada's greatest problem, Relief and Reconstruction, has not been brought in. If we are sent home at the end of this session, it is a tragedy, and it is a tragedy that this session had absolutely no reason to be. It appears likely that another session will be called in the near future, and it is a tragedy that this session had absolutely no reason to be. It appears likely that another session will be called in the near future, and it is a tragedy that this session had absolutely no reason to be.

Irrevocably, he said, while we were part of the British Empire we were in duty bound to support everything, either in peace or in war to maintain its prestige and its freedom.

So far as I am concerned, it seems that we must face facts and arrive at a conclusion in the light of the information in our possession. Just now Canada is a part of the British Empire. How many people are there in Canada who would like to break away from the British Empire? I do not believe that there are many.

Many leading British statesmen have said that Canada is entirely free to withdraw from the British Empire at any time that they should feel like doing so, with the condition that this desire be expressed by a majority of the citizens of Canada. If this were attempted, how many citizens would favor such a proposal? In my opinion, they are few, and according to the desires of the Canadian people, we remain a part of the British Empire.

I think that because we face the obligations which a partnership entails, we should definitely have something to say concerning Great Britain's foreign policy. We are expected to assist her, but we should be in a position to say so this or don't do that.

I think that because we face the obligations which a partnership entails, we should definitely have something to say concerning Great Britain's foreign policy. We are expected to assist her, but we should be in a position to say so this or don't do that.

week. Most of the time has been taken up with the estimates of the Department of External Affairs. These estimates are brought down and very likely the House will begin to take up the estimates of various other Departments.

On Tuesday, the Minister of National Defence presented his estimates of over \$34,000,000 for the defence of Canada with hardly any discussion. There were practically no Quebec members in the House, the reason for that is quite plain. The Government is of the opinion that the attitude of the people of the Province of Quebec on this question and desires as little comment and discussion as possible.

The long promised statement on Foreign Policy was supposed to be made this week by the Prime Minister, but it was postponed until his return from Vancouver. A statement concerning the foreign policy is, of course, of great importance and should not be made without the Leader of the Opposition being present.

On Tuesday between 8 and 9 p.m. the time lighted to passing bills, that is to say, bills introduced by private members. The bill on the agenda was devoted to Mr. Woods' bill concerning certain labor laws. The bill on the agenda was devoted to Mr. Woods' bill concerning certain labor laws.

Lethbridge north to Edmonton. This definitely establishes Edmonton as the base for all northern flying. Already flying has been developed in Canada to a greater degree than in any other country. Last year, Canadian airlines carried more freight than any planes of any country including Great Britain and the United States. Trans-Canada Airways has a great future ahead of it.

RESULTS OF GRANDE PRAIRIE INSPECTORATE TRACK AND FIELD MEET LAST SATURDAY

Class A Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class A Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class B Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class B Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class C Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class C Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class D Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class D Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class E Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class E Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class F Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class F Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class G Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class G Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class H Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class H Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class I Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class I Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

Class J Boys
100-Yard Dash (Grande Prairie School District Trophy)—1. Tom Meen, 15.2 sec.; 2. Jack Edwards, Grande Prairie; 3. Bill Hume, Grande Prairie; 4. Bill Hume, Grande Prairie; 5. Bill Hume, Grande Prairie; 6. Bill Hume, Grande Prairie; 7. Bill Hume, Grande Prairie; 8. Bill Hume, Grande Prairie; 9. Bill Hume, Grande Prairie; 10. Bill Hume, Grande Prairie.

Class J Girls
75-Yard Dash (Grande Prairie School District Trophy)—1. Irene Hume, Grande Prairie; 2. Irene Hume, Grande Prairie; 3. Irene Hume, Grande Prairie; 4. Irene Hume, Grande Prairie; 5. Irene Hume, Grande Prairie; 6. Irene Hume, Grande Prairie; 7. Irene Hume, Grande Prairie; 8. Irene Hume, Grande Prairie; 9. Irene Hume, Grande Prairie; 10. Irene Hume, Grande Prairie.

ILLUSTRATED NEWS OF THE WEEK

A SPECIAL TRIBUNE FEATURE

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

ANZAC GOVERNOR-GENERAL IN UNIQUE CEREMONY

His Excellency Viscount Galway, Governor-General of New Zealand, recently enjoyed a unique ceremony when he attended the ceremonial opening of Turoango, the new home of the Maori King "Korohi." An important part of the proceedings was the procession in Maori canoes down the River Ngauruwhaka, and in the canoe on the left can be seen the Governor-General and Lady Galway.

THE STERN OF BRITAIN'S NEW GIANT LINER

Above is an interesting photograph taken of the completed huller's model of the new giant liner "Queen Elizabeth," which is now in the course of construction. The picture shows the stern of the giant liner's model, which is accurate in every detail. It is now being exhibited at the British Empire Exhibition.

FRENCH TROOPS CELEBRATE ST. JOAN'S DAY

Troops of the Paris garrison marching along the Rue de Rivoli past the statue of Joan of Arc at the annual celebration in Paris recently.

WINNERS OF SIX FIRSTS AT TERRIER CHAMPIONSHIP SHOW
Wolsey Plainman and Wolsey Playfellow, winners of six first prizes at the Joint Terrier Championship Show at Olympia, London. Feel it their privilege to place at the press photographer after securing such important points in the show.

CANADIAN MINISTER

Sir Gerald Campbell, British Consul-General at New York, who has been appointed British High Commissioner to Canada, in succession to Sir Francis Ploud, who was recently appointed chairman of the Bengal Land Revenue Commission. Sir Francis will shortly sail for India to attempt to find a settlement for Bengal's 14-year-old agrarian problem.

TRIBUNE WANT ADS BRING RESULTS

QUEEN MARY PURCHASES PAINTING BY YOUTHFUL ARTIST

The proudest girl in England is pretty twenty-five-year-old Oxford Grouper Bridget Peterson, whose still-life painting, her first to be exhibited at the Royal Academy in London, was purchased by Queen Mary for her private collection. The Queen Mother, who is particularly fond of still-life flower pieces, has one of the finest collections of these paintings in Europe. Miss Peterson is one of the youngest artists ever to be singled out for representation in the Queen's gallery, and her picture will hang side by side with the "great masters."

ITALY GOOSE-STEPS FOR ADOLF HITLER

Fifty thousand Italian troops gave a great demonstration before Herr Hitler when the Führer visited Rome recently. This photograph, taken the day before Hitler's arrival, shows the full dress rehearsal on parade on the Triumphal Way.

PAY DAY IN THE NAVY

Like their brothers in civilian life, the boys in the Navy have a pay day once a week. This picture, taken on H.M.S. "Wildfire," shows the jack tars receiving their money, which by custom is placed on their hats while the rank and number is read from the little card held in the hand.

THE UNITED KINGDOM'S PAVILION

An interesting view of the front of the United Kingdom's Pavilion at the British Empire Exhibition in Glasgow. Although the new British Empire Exhibition is not as large as the famous Wembley Exhibition of 1925 and 1926, it is one of the finest of its kind, and the buildings, very modern in architecture, are remarkable.

CHURCH ARMY CHIEF DECORATED

Prebendary Carlile, the veteran Chief of the Church Army, photographed as he left Buckingham Palace after being decorated by the Queen with another Church Army Star. This makes the eighth star which the Prebendary has received, signifying fifty-six years' devoted service to the Church Army. With him, admiring the stars, is Miss Carlile, his sister, who herself has seven stars.

ANOTHER ROYAL COMMISSION PREPARES FOR ACTION

Viscount Bledisloe, left, chairman of the Rhodesia-Nyasaland Royal Commission, is seen above with Mr. Ormsby-Gore shortly before he left England on the Capetown Castle, en route to Cape Town.

TWO BURGLES TO SPEAK IS YOU, MY LORD.

Lillooet District Is Greatly Interested In M.P. Highway

"Lillooet district, in British Columbia, is intensely interested in the construction of the Monkman Pass Highway for the reason that the people of that area look upon the Peace River as the natural market for their fruit."

The above statement was made to The Tribune reporter by Dan Minchin, who returned home from a visit to Vancouver and central British Columbia on Thursday night last.

Mr. Minchin explained that the Lillooet district, of which Bridge River is the centre, is situated on the Fraser River and is served by the P.C.E.

Mr. Minchin stated that there was great mining activity in this area and preparations were being made for the installation of an irrigation system to cover some 2,000 acres of land capable of growing the finest kind of peaches, apples, sweet potatoes, raspberries, apricots, and all varieties of vegetables.

While in Vancouver, where he visited his daughter Sarah, who recently graduated as a nurse, Mr. Minchin stated that the company had visited to the post office, the Georgia Hotel and the Arts Building, where some 1,500 unemployed men were engaged in a sit-down strike, or in other words had taken possession. The men, observed Mr. Minchin, were very orderly, and the majority were of fine-looking class as one would wish to see in the residents of the city. The Lillooet district, Mr. Minchin, are highly organized and well disciplined.

Western Grown Wool To Be Used In Can. Garments

W. A. McAulay, Sales Manager of The Great Western Garment Company, Ltd., Edmonton, says Company will have garments made from Western Grown Wool Next Fall. Under Conditions Prevail in its Factory.

W. A. McAulay, sales manager of the Great Western Garment Company, Ltd., Edmonton, was a week-end visitor in the Peace River valley. Interviewed by The Tribune reporter, Mr. McAulay told a very interesting story of how the company had for three years tried to convince eastern woolen mills that the "virgin fleeces" wool grown in the West.

"At last," observed Mr. McAulay, "we have been successful in getting eastern mills to turn out a cloth made from pure western-grown wool."

Continuing, the visitor said that garments made from this amazing new fabric will be available this fall. The reporter was shown samples of garments made from the western wool products, which were excellent in style and quality.

Mr. McAulay stated that this was the first time western wool had been used in western Canada to make use of western products, which may have far-reaching effects on the western wool industry.

Mr. McAulay further pointed out that only 27 per cent of the wool clip in Canada last year was used for domestic purposes, the balance being exported, principally to England.

This involved an economic loss to the wool growers of \$11,000,000, according to the wool growers' annual report, recently issued, said Mr. McAulay.

Mr. McAulay stated that the manufacture of Canadian wool into cloth right in the Dominion means employment of more than 350 workers the year round, who are paid union wages. Speaking of working conditions in the western mills, Mr. McAulay observed, "We want a contented staff and recognize the union and pay union wages."

Company believes that the best way to establish property in place purchasing power in the hands of the workers."

The funeral of Arthur Thomas Bean, 53, was held on Tuesday, service being held at the Presbyterian Church, Rev. C. E. Fisher officiating.

Bearing testimony to the high esteem in which Mr. Bean was held in the community, the church was filled to capacity by friends.

The pallbearers were Harry and Allan Wardell, Sam Pickard, Fred Cooke, George Head and Mike Durda.

Deceased, who was found dead in one of his barns on Friday, came to this country from Yorkshire, England, in 1926, and was employed under the Empire Settlement Scheme five and a half miles northwest of Grande Prairie.

The following survive: wife, two sons, Edgar and William; and three daughters, Elsie, Edna and Mary. Mr. and Mrs. Bean recently returned from a trip to England, where it was hoped would improve Mr. Bean's failing health, but the sea voyage did not have the hoped-for effect and his illness resulted in a complete nervous breakdown.

Burial took place at the Grande Prairie cemetery, J. B. Oliver had charge of funeral arrangements.

While he was rather reticent about the incident, Mr. Cad's face was a most wonderful sight to look at, and his eyes twinkled. Under the circumstances those wouldn't?

Caterpillar Co. Men Of Calgary Pay G. P. a Visit

H. G. Saxton, credit manager of Union Tractor and Harvester Company, Ltd., and W. L. Hinchey, agricultural representative of Caterpillar Tractor Company, both of the head office at Calgary, were week-end visitors to Grande Prairie.

Interviewed by The Tribune reporter, the visitors remarked that this was their first trip to the Peace River. They had just returned from the block and they did not think that this country has anything to worry about to the extent so far as crops are concerned.

They were of the opinion that effect on the crops by recent high winds was exaggerated.

In answer to a question as to how the company was finding business, the visitors replied that Caterpillar track-type tractors so far this year exceeded any previous year for the south.

Mr. Hinchey remarked that practically all sales are now the diesel engine, which has proven its simplicity of operation and shown 60 to 80 per cent saving over spark ignition.

Mr. Saxton observed that the new Caterpillar Diesel D-2 tractor, from three to four-horsepower, is doing exceedingly popular and filling a long-felt want in commercial operations. This new model operates on an average of only 1000 ft. per gallon of fuel oil per hour on farm work.

The visitors left on Monday morning to cover the territory on the north side of the Peace River.

While en route eastward Neil Morrison, wife and his sister called.

The best prospects of a crop in ten years around Saskatoon, reported Archie Chauder of that point, going west.

Not often do we have it so dry in the spring—not a rain yet.

J. C. Hunt, I was thinking, is the biggest-hearted man in our midst. He doesn't put a cross on his experience, but has many rare Christian graces.

Brilliant and talented and a one-time judge. Quick to grasp a subject, it doesn't take him long to form an opinion. He is a man of strong opinions, but his opinions are respected.

While considering these facts I was struck by the fact that the man, and his heroic inward battle were not shared by the common people know nothing.

What made you quit the bench and the prospect of a future? I said to myself, "I am ashamed to tell you, Mr. Stanley," he replied. Then there was a long silence. "I commenced to regret my decision."

Mr. Hunt continued up from another nest, for he was gathering eggs, he faced me and repeated his words, "I am ashamed to tell you," then resolutely added, "But I WILL tell you, for it may help you."

"You can tell them it was DRINK," Mr. Hunt announced. He told how he made friends easily, how they were eager to show their friendship and would offer him drinks. Not once but many times a day was he offered drink, and he was powerless to decline. It came to him that liquor followed him, he said, but it was not the liquor that ruined him, and his days were prolonged.

I remembered, too, that one day when I was in the hospital, I understood that I had drunk a few years ago Mr. Hunt presented me a petition against liquor.

"There is not a bigger booze-fighter," Mr. Hunt said, "than I am. I understood that I had drunk a few years ago Mr. Hunt presented me a petition against liquor."

Just like me, as unhandy as possible for them to get booze, for I know what the cursed stuff will do to a man."

While pondering this character my admiration for him increased. That is just like me, as unhandy as possible for them to get booze, for I know what the cursed stuff will do to a man."

Just like me, as unhandy as possible for them to get booze, for I know what the cursed stuff will do to a man."
